

**Education Empowers Inc.**  
**Annual Impact Report 2022**  
[www.educationempowers.org](http://www.educationempowers.org)

Dear Friends of Education Empowers,

Thank you for your continued commitment to Education Empowers Inc programs, through STEM & robotics programming! With your support, our students in grades K-12 can participate in any of the many programs we offer, such as the LEGO Robotics, VEX, Drones, Make-a-thons, STEM Ambassadors, SWEnext, career explorations, and connecting with industry professionals. In 2022, our programs reached 55 team locations and more than 10,000 students.

As we approach the end of the year, when reflecting on the organizations that have touched your life, we hope Education Empowers Inc. remains close to your heart. We extend our deepest gratitude for your continued support.

Best regards,

Education Empowers Board
